**Commissioner for Patents**  
**P.O. Box 1450**  
**Alexandria, Virginia 22313-1450**

Dear Honorable Sir:

Patent Owner respectfully requests, in accordance with 37 CFR § 1.322, that a Certificate of Correction be issued to correct the mistake in U.S. Patent Number 7,811,244 ("the '244 Patent") as discussed below. Please find submitted herewith a correction form (PTO/SB/44) showing the requested change to correct the inadvertent error that appears to have occurred during printing of the '244 Patent.

Regarding the desired correction, the inventor information in its current form has been published with a minor clerical or typographical error. Specifically, one of the inventors on the issued patent is currently "Keren Pekkan, Athens, GA". That inventor should actually be "Kerem

Pekkan, Athens, GA.” The Patent Owner believes that this publishing error associated with the ‘244 Patent was a mistake on behalf of the USPTO as the Issue Notification, Bibliographic Data Sheet, Filing Receipt, and Published Application each properly listed the inventor information. This correction is also noted in the enclosed correction form (PTO/SB/44).

Alternatively, in the event that the Office determines that the minor clerical or typographical error occurred through fault of Applicant, then Applicant respectfully request that, in accordance with 37 C.F.R. § 1.323, a Certificate of Correction be issued to correct the mistake in the ‘244 Patent as discussed above. If an error was made through fault of Applicant, such error was made in good faith and without deceptive intent. Further, because the error relates only to the spelling of an inventor’s name, correction of the error would not constitute new matter or require reexamination.

Patent owner does not believe that any fees are due at this time because the mistake in the patent is believed incurred through the fault of the Office. The Commissioner is, however, authorized to debit Deposit Account No. 20-1507 if any fees are deemed due via a determination that the error is the fault of the Applicant. Also, if the Office has any questions regarding this request for a Certificate of Correction, the undersigned respectfully requests the Office to contact the undersigned at 404-885-2773.

Respectfully submitted,

TROUTMAN SANDERS LLP

## Privacy Act Statement

The **Privacy Act of 1974 (P.L. 93-579)** requires that you be given certain information in connection with your submission of the attached form related to a patent application or patent. Accordingly, pursuant to the requirements of the Act, please be advised that: (1) the general authority for the collection of this information is 35 U.S.C. 2(b)(2); (2) furnishing of the information solicited is voluntary; and (3) the principal purpose for which the information is used by the U.S. Patent and Trademark Office is to process and/or examine your submission related to a patent application or patent. If you do not furnish the requested information, the U.S. Patent and Trademark Office may not be able to process and/or examine your submission, which may result in termination of proceedings or abandonment of the application or expiration of the patent.

The information provided by you in this form will be subject to the following routine uses:

1. The information on this form will be treated confidentially to the extent allowed under the Freedom of Information Act (5 U.S.C. 552) and the Privacy Act (5 U.S.C. 552a). Records from this system of records may be disclosed to the Department of Justice to determine whether disclosure of these records is required by the Freedom of Information Act.
2. A record from this system of records may be disclosed, as a routine use, in the course of presenting evidence to a court, magistrate, or administrative tribunal, including disclosures to opposing counsel in the course of settlement negotiations.
3. A record in this system of records may be disclosed, as a routine use, to a Member of Congress submitting a request involving an individual, to whom the record pertains, when the individual has requested assistance from the Member with respect to the subject matter of the record.
4. A record in this system of records may be disclosed, as a routine use, to a contractor of the Agency having need for the information in order to perform a contract. Recipients of information shall be required to comply with the requirements of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(m).
5. A record related to an International Application filed under the Patent Cooperation Treaty in this system of records may be disclosed, as a routine use, to the International Bureau of the World Intellectual Property Organization, pursuant to the Patent Cooperation Treaty.
6. A record in this system of records may be disclosed, as a routine use, to another federal agency for purposes of National Security review (35 U.S.C. 181) and for review pursuant to the Atomic Energy Act (42 U.S.C. 218(c)).
7. A record from this system of records may be disclosed, as a routine use, to the Administrator, General Services, or his/her designee, during an inspection of records conducted by GSA as part of that agency's responsibility to recommend improvements in records management practices and programs, under authority of 44 U.S.C. 2904 and 2906. Such disclosure shall be made in accordance with the GSA regulations governing inspection of records for this purpose, and any other relevant (*i.e.*, GSA or Commerce) directive. Such disclosure shall not be used to make determinations about individuals.
8. A record from this system of records may be disclosed, as a routine use, to the public after either publication of the application pursuant to 35 U.S.C. 122(b) or issuance of a patent pursuant to 35 U.S.C. 151. Further, a record may be disclosed, subject to the limitations of 37 CFR 1.14, as a routine use, to the public if the record was filed in an application which became abandoned or in which the proceedings were terminated and which application is referenced by either a published application, an application open to public inspection or an issued patent.
9. A record from this system of records may be disclosed, as a routine use, to a Federal, State, or local law enforcement agency, if the USPTO becomes aware of a violation or potential violation of law or regulation.
